Looking good

ON THE INSIDE

Whatever look you're after for the interior of your home, whether it's giving a room a new personality, achieving dramatic angles overhead or ensuring strength and support behind your walls.

We invite you to explore the looks in these pages and discover one to take home and call your own.

PREMIUM FIBRE CEMENT

*More than
meets the eye*

DESIGN VERSATILITY

From city to country, sleek to classic, the interior cladding and lining in these pages come in many textures and looks to add depth and individuality to your home's design. They're easy to work with and maximise the options when building and renovating. Choose your look and go.

BETTER ON THE INSIDE

Living in your dream city means you might be a little cramped for space. The beauty of premium fibre cement is that it's more compact than traditional materials like brick and concrete. So, you're able to squeeze more space out of your living areas.

FOR THE LONG-TERM

All cladding and lining products featured in The Look Book are made from premium fibre cement. They're extremely durable and weather well. So when correctly installed, you can rest easy knowing maintenance will be a breeze.

DESIGN TIP

To transport yourself to the Hamptons daily, there's no better option than Linea™ weatherboard with its deep shadow lines.

Outside in

INTERNAL CLADDING & WEATHERBOARDS

Who says you can't bring the versatile looks you already love outside, indoors? Make a statement with a feature wall and experiment with textures and angles in any colour you fancy.

The Axon effect

DESIGN TIP

Create a smart pristine look with Axon™ cladding's beautiful uniform surface and subtle vertically-grooved panels. You'll never look back.

*

The Look Book

AXON™

Stand out
with Stria

DESIGN TIP

Create your own timeless interior style with Stria™ cladding. Whether they flow horizontally or vertically, you'll never fall out of love with its deep grooves.

Style
Your life

DESIGN TIP

To make a personal style statement, Matrix™ cladding with its modern geometric look is a must-have. You can even print digitally on the flat sheets for added design originality.

HardieGroove

LINING

Create that laid-back coastal theme you love right throughout your house with HardieGroove™ lining. The carved v-shaped grooves create a beautiful timber panel texture with strong shadows. Use it wherever you'd like that coastal feeling – from your living areas right through to your bathroom.

Find your groove

DESIGN TIP

Looking for some character overhead? Choose HardieGroove™ lining to adorn your ceilings with beautifully dramatic geometric lines.

You'll thank us, but your neck may not.

Versilux

LINING

If you're a clean lines kind of person, but want a subtle designer touch, Versilux™ lining with its flat surface and distinct joins creates an impressive cubic pattern. Use it everywhere from your kitchen to your laundry. It's great for soffits too.

Lux looks

DESIGN TIP

Use any one of 10 different Versilux™ lining panel sizes to create your perfect pattern on walls of any size.

Villaboard

LINING

Whether your home is full of energetic kids or sees a lot of weekend entertaining, Villaboard™ lining substrate resists damage from moisture and stands up to whatever you throw at it. Perfect for your kitchen, bathroom or laundry, it's exceptionally strong, ideal under tiles and offers you high impact resistance on its own too.

*what lies
beneath*

DESIGN TIP

If you slip up when tiling, Villaboard™ lining is strong enough to be forgiving. Simply chip off the tile and you won't ruin the surface.

PineRidge

LINING

Love the look of wood but want a no-fuss sheet lining? PineRidge™ lining looks just like timber but it's a dream to put up. Paint it whatever colour you like, from natural to more bold and daring.

DESIGN TIP

Create a stunning wall or ceiling canopy no sweat with every panel having its own unique variation in shade and tone to give that polished concrete effect.

The Look Book

ARCHITECTURAL™ INRAW™

ARCHitectural Inraw

PANEL

If a modern industrial theme defines your home, ARCHitectural™ Inraw™ panel is a must to enhance your look. Its natural raw concrete appearance works well on any wall and comes in a satin or gloss finish.

Everyone will be asking you for design notes.

Secura interior

DESIGN TIP

Even if it rains while you're building your home, Secura™ flooring resists damage from moisture, so no warping or tears necessary.

The Look Book

SECURA™ INTERIOR

FLOORING

Secura™ interior flooring is your lightweight, flexible substrate option that feels as strong as concrete. It can go under everything from tiles, to carpet and wet areas. So feel free to jump for joy right on top of it.

James Hardie ceramic tile

UNDERLAY

The last thing you want is movement underneath those precious Italian ceramic tiles you painstakingly searched for. For all your non-wet areas, James Hardie® ceramic tile underlay keeps your tiles strong, stable and in the perfect position.

James Hardie vinyl & cork

UNDERLAY

For lovers of vinyl or cork, James Hardie® vinyl & cork underlay gives you a smooth, sturdy base to build on. Meaning your floor will stay perfectly in place for years to come.

HardieSmart intertenancy

WALL SYSTEM

If you're in a townhouse or terrace, or just need to maximise your living space, HardieSmart™ intertenancy wall system is the smart choice. The simple, single-layer design can really help you gain those extra inches, enhancing your sale figure too.

HardieSmart Aged Care

WALL SYSTEM

Between rooms and corridors in aged care facilities, HardieSmart™ Aged Care wall system is your go-to for easy installation. Its single layer compact design makes it versatile and fast to build into any design – a real win on space saving.
